

The A-2-Z of Scrapbooking is made up of 29 kits:

- **1 x Alpha Kit** (All the Chipboard and Sticker letters needed for the project and an A-2-Z of Scrapbooking - "Explanation of how it works... document")

Please note: We have supplied enough stickers to create the words as outlined in the project samples - additional stickers may need to be ordered separately if different words are created.

- **1 x Front and Back Cover Kit** (Papers, Ribbon and a project sheet for the layout).
- **26 x Alphabet Kits** - One for each letter to create a 12x12 layout and 6 - 4x6 pocket pieces - These packs contain papers, ribbons (if applicable) and a project sheet for each layout.
- **1 x Embellishment Kit** - All of the embellishments you will need to create the whole project. There will be a good quantity of left over embellishments once the project has been completed.

The A-2-Z of Scrapbooking is an exciting project which can be created using the 29 kits (listed above), basic tools and some additional Kaszazz products (see the list overleaf). It is an economical way to create a family album. Our sample spans a 2 year period of the life and times of the Gibson family.

The A-2-Z of Scrapbooking is ideal for:

- Those who would like to scrapbook, but have limited time.
- Anyone who likes the idea of scrapbooking, but doesn't know where to start.
- Anyone who likes to have themed albums.
- Scrapbooking groups who get together on a regular weekly or monthly basis.

Special thanks to Kaszazz consultant Sonia Gibson for creating this gorgeous project, and to her family and friends for sharing a bit of themselves with us.

To create this project you will need;

- **6369 A-2-Z - Alpha Kit**
For all the chipboard and alpha stickers used throughout the project.
- **6404 A-2-Z - Embellishment Kit**
Includes all of the embellishments needed for each page of your album with plenty to spare!
This pack is convenient and economical – note however, that you can buy all of these products separately if you wish as you may already have some of them – see the list overleaf which explains when each embellishment is first used.
- **6398 A-2-Z Page and Pockets Kit (27)**
Including the kits for the front cover and all 26 Alphabet Kits. This is an economical way to buy all of the kits, alternatively order them individually as you go!
- **70200 SB Album - Share and Tell – Black**
- **70275 SB Album - Share and Tell - Page Protector 12x12 (20)**
- **70276 SB Album - Share and Tell - Photo Pocket Page 6x4 (20)**

Basic Tools Consisting of:

- Pencil, Ruler, Eraser, Scissors
- Trimmer
- 1708 Super Tape 6mm
- 660024 PermaBall Permanent Marker - Black

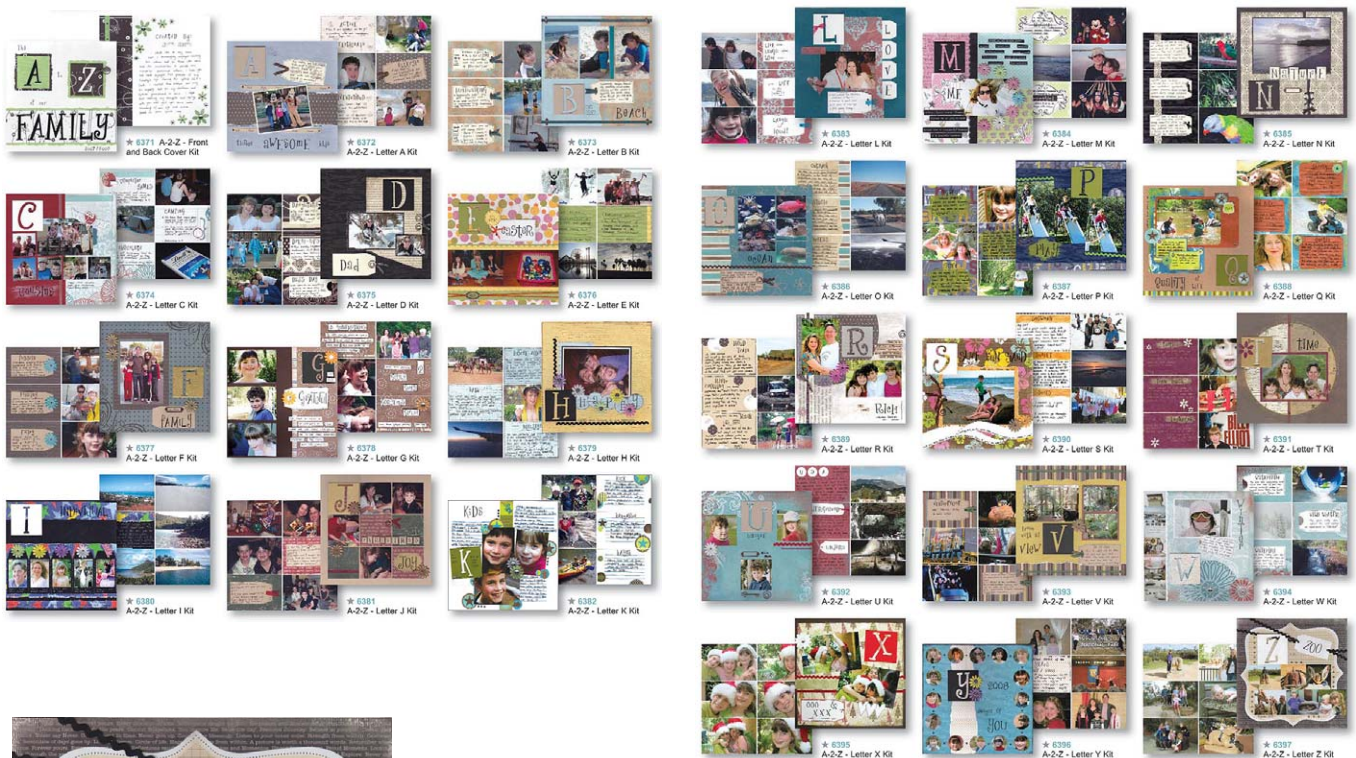

- 1292 Magic Mount
- 4901 Tools - Punch 'n' Set
- 4208 Glossy Accents

Please note that all of the basic tools are not required for every layout, however they are frequently used throughout the entire project.

Additional Products

Additional products are also required to create this project. The table overleaf lists the additional products required next to the first layout they are used in. Note that many of the additional products are used in subsequent layouts.

Special note: it is important to create this project in alphabetical order to ensure you have everything you need.
